How do I find these areas for myself?

Go to www.maps.thelist.tas.gov.au and click the red Add Layer + button

Add the below layers

Enter the area you are going to in the search box at the top of the screen

You can search by coordinate, street name, suburb, river etc...

Once located, zoom in to within the top four bars of the zoom slider and then click on the map

A window will pop up showing any identified layers and the information therein

If you have any questions please contact Mineral Resources Tasmania on (03) 6477 7385
