Resource Polygon
Cggsi
Massive polymict, pumice lithic volcaniclastic breccia clasts include rhyolite, andesite, siliclastics, pumiceous rhyolite and rare carbonates
Cggsi
Laminated, graded, psammitic sandstones and volcaniclastic siltstones
Cggmi
Quartz and talc-pumice lithic volcaniclastic sandstone and breccia-braded with laminated, vitric sandstone
Cggbs
Medium dark grey finely banded siltstone.
Cggt
Crystal-lithic tuff with quartz and rhyolite clasts.
Cggli
Pumice lithic, ash rich volcaniclastic mass flow
Cpb
Quartz-feldspar-biotite phyric rhyolite. Porphyritic 2-10% biotite
Firetower Prospect
Section 445740
Scale 1:500
T. Callaghan
5/8/02
