MINES DEPARTMENT No. 14 FEB 00 HOBART

Launceston
Jany 12th 1900

W. H. Wallace Esqre
Secretary for Mines
Hobart.

Sir

I have the honor to report on Water Right No 240/93W Edward Gaunt applicant. The Water is diverted from the Benlomond Rivulet on the Western slope of the Benlomond Mountain to the Buffalo Marshes thus increasing the water supply to Water Right No 238/93W

1st. The Water Right passes through Crown Lands and land purchased by James Francis Rigney being Lot 8876 of 218acres 3roods

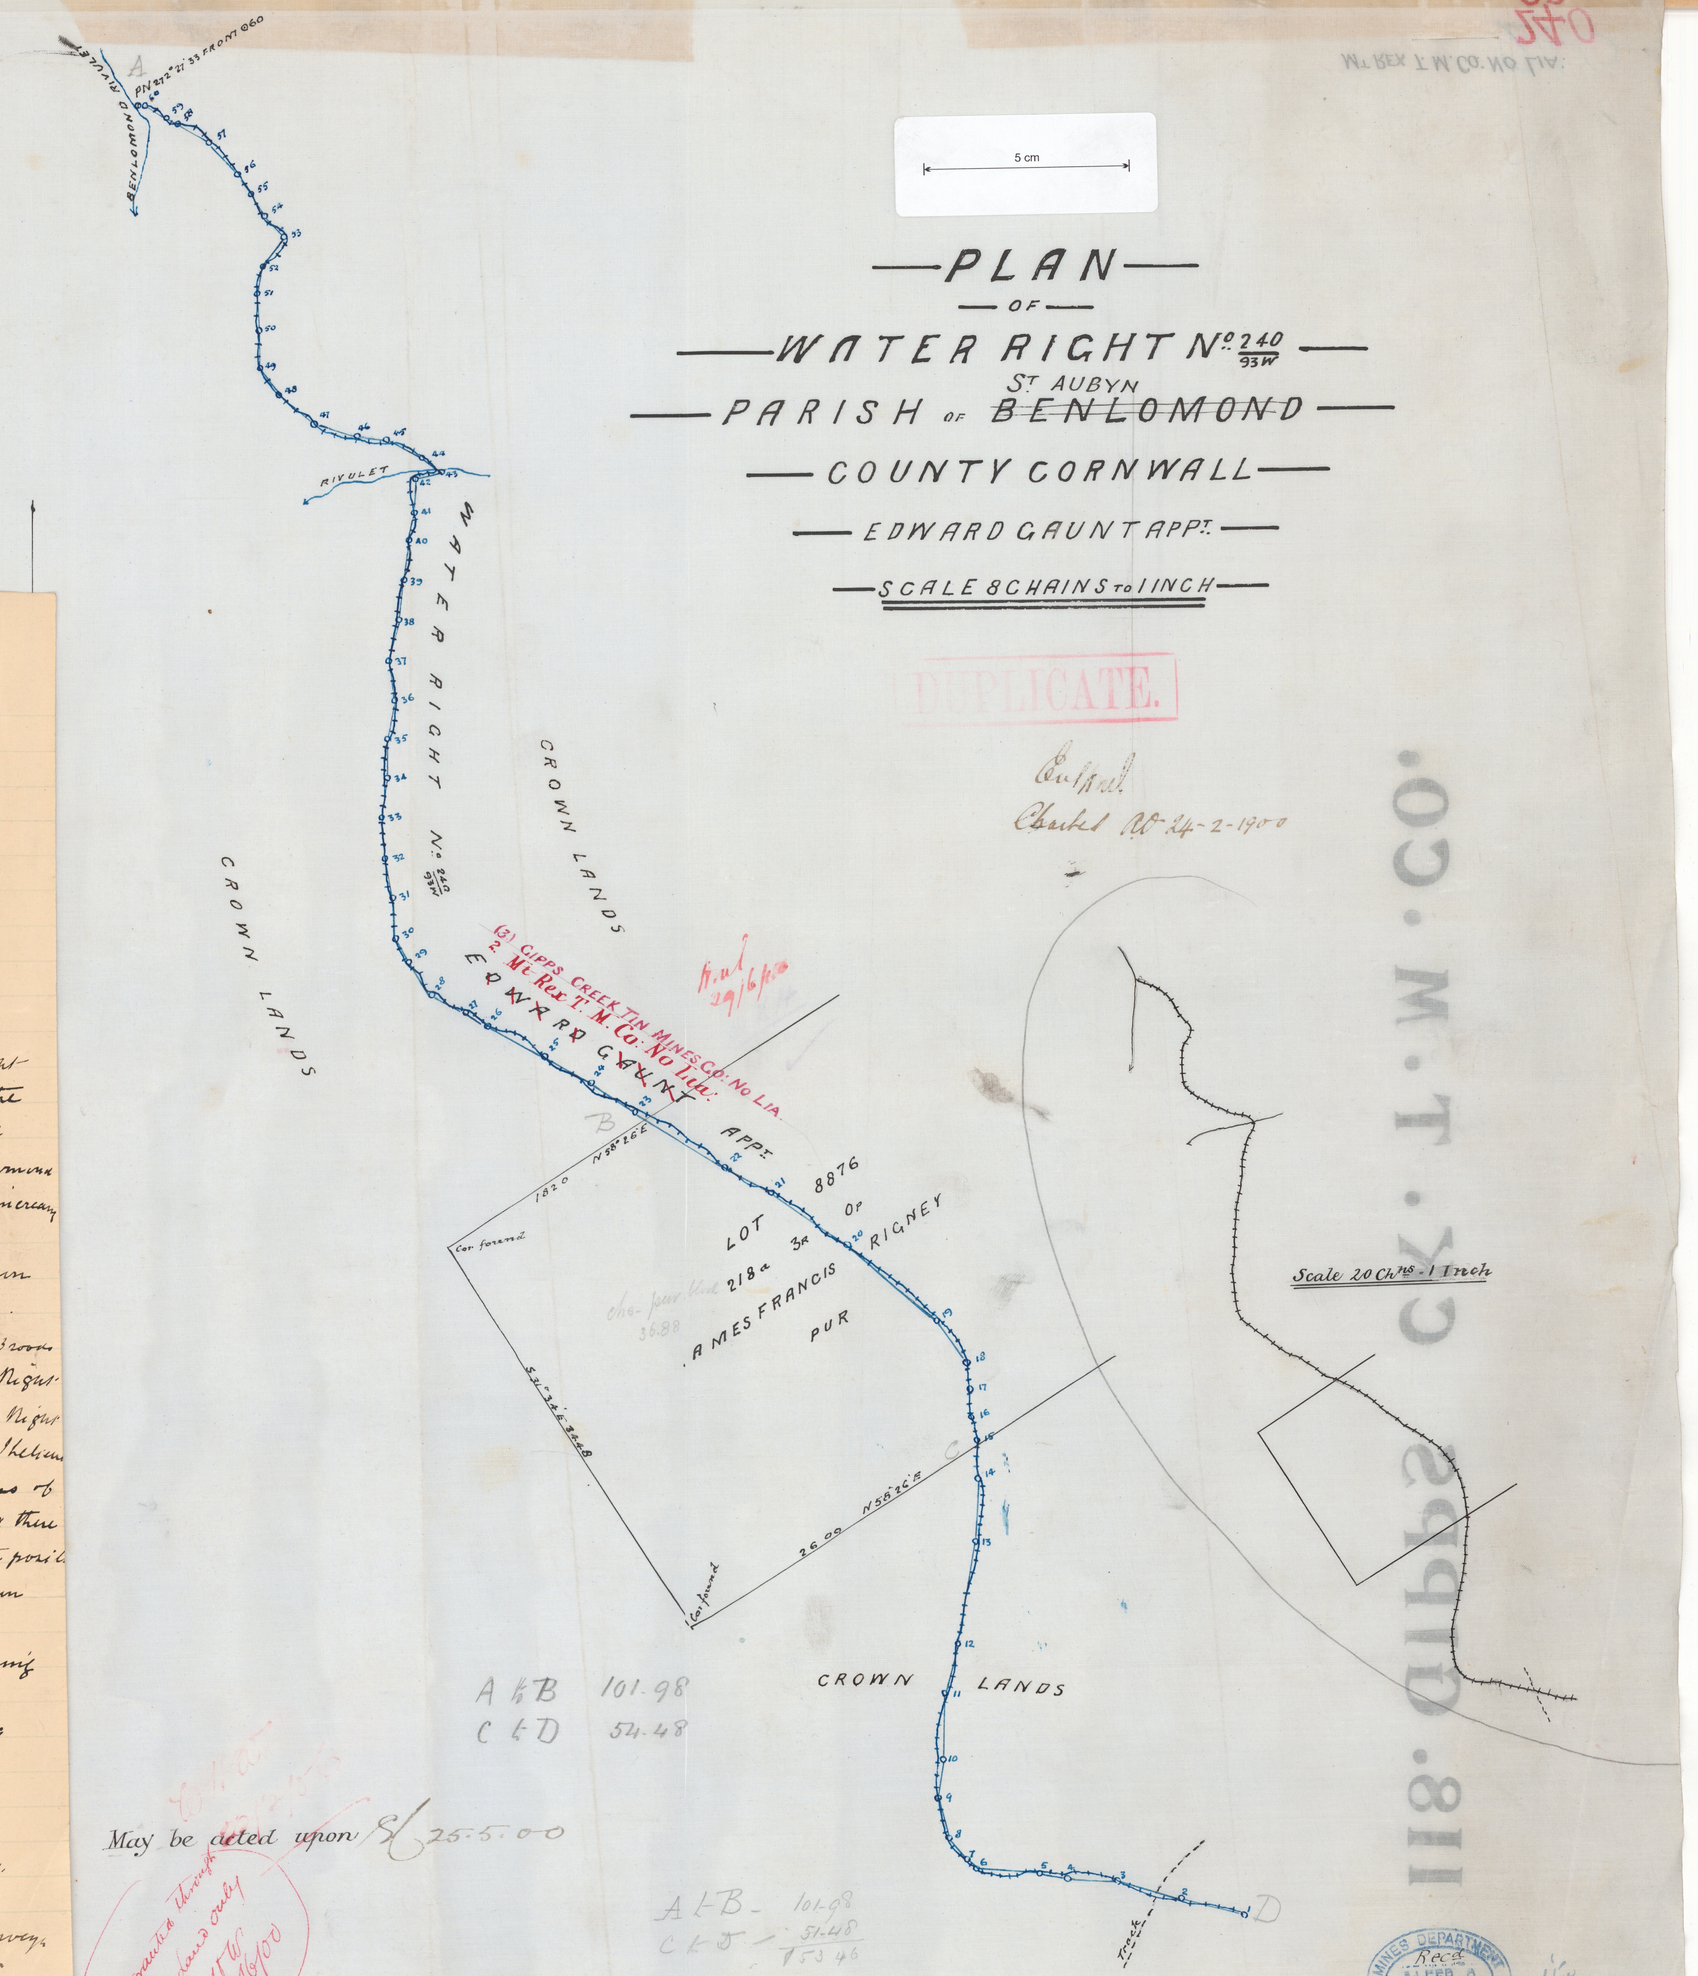
2nd. The Water Right passes over a Water Right marked 181W on the Government plan this Right is from a Ck known as Egans Rivulet to Shelburne the Republic. I. Mine there are no signs of any work of construction upon it and there are no Survey marks that I can fix the position on the Plan herewith. The track shown on Plan is a bridle track

There is no matter of importance to bring under the notice of the Department

Survey commenced 29th November 1899

The length of Race is 2 miles 32 chains

I have the honor to be
Sir
Your obedient Servant
Wm J. Burnett
Authorized Surveyor.



Mt. Rex T. M. Co. No Lia.
