Geological Map **OCEANA and LITTLE HENTY RIVER AREA**
 (Traced from "Photogeological Interpretation of the Zeehan Area", reconciled to field observations available Nov. 1947)
 ZEEHAN EXPLORATION

Scale
 About 4 inches = 1 Mile.

LEGEND.	
Quaternary	Cambrian
Till & Alluvium	Road-Rosebery Volcanic Series
Devonian to Silurian	Dundas Series
Eldon Series	Queen Hill Quartzites
Upper Shales (Devonian)	Melaphyre Series
Middle Quartzites & Shales (Siluro-Devonian)	Tillite
Lower Quartzites & Shales (Silurian)	Oonah Quartzites
Ordovician	Dundas Series Undifferentiated
June Series	Not specified on original map
Smelters Sandstone	Roads
Gordon River Limestone	Railways
Limestone Outcrops	Tramways
Limestone "Pug"	River
West Coast Range Conglomerate (including Tubicalan quartzite)	Creek
	Joint point
	Photo centre
	Anticline
	Syncline
	Fault
	Outcrop trace of bed
	Formation boundary.
