This block contains a detailed geological sketch of a coal seam area. It features a central vertical shaft with a coal seam indicated by a solid black dot. To the left, there are several smaller shafts or coal seams, some with dots and others with hatching. A dashed line representing an 'OLD TRAMWAY' runs horizontally across the bottom of this section. The area is labeled 'LOW FLATS' and 'COVERED WITH SCRUB'. Arrows point from the shafts towards the right.

COVERED WITH SCRUB

CATAMARAN RIVER

*M. Driscoll jur.*  
DEEP CREEK

*R. Finn jur.*

*W.C. and J.H.M. Dougall jur.*

*W.C. M<sup>c</sup> Dougall jur.*

This block shows a series of land parcels along the Catamaran River. The parcels are labeled with names and 'jur.' (jurisdiction). From top to bottom, they are: 'M. Driscoll jur.' with 'DEEP CREEK' below it; 'R. Finn jur.'; 'W.C. and J.H.M. Dougall jur.'; and 'W.C. M<sup>c</sup> Dougall jur.'. A 'MILL' and 'JETTY' are also indicated near the riverbank.
