

ENLARGE TO 245mm

- Medium-grained muscovite-biotite granite
- Coarse-grained or porphyritic biotite granite/adamellite
- Approximate contact of granites
- Axis of overturn of granite contact
- Subsurface contour (1000' above datum) of normal roof contact (i.e. upper contact of muscovite-biotite granite)
- Subsurface contour (1000' above datum) of overhanging contact of muscovite-biotite granite (see sketch sections)
- Subsurface contour (1000' above datum) of upper contact of north-dipping lobe contact of muscovite-biotite granite (see section A-B)
- Drill hole collar
- Quarry face
