Magnet, 18 Feb 1905  
Tasmania.

# The Secretary for Mines - Hobart.

Report on Application for Mining Easement,  
W. 81, for Magnet S. M. Co's tramway.  
93W

Commencing from the Magnet S. M. Co's mineral lease  
370887M - 20 acres; the tramway traverses 3755-87M - 27  
acres held by the Magnet Co. & M.L. 2074-91M - 40 acres  
held by the North Magnet S. M. Co. No. Lia.

Thence thro' abandoned leases 4353-93M - 5 acres & 400-93  
5 ac. it follows the valley of the Magnet Creek to its  
confluence with the Arthur River; it runs up the valley  
of the Arthur River & traverses 272-93W - 5 acres in the  
name of J. Ditchburn; thence thro' crown land (abandoned  
leases as shown on plan), it intersects the  
Corinna-Wanatah road at about 39 1/4 miles from  
Corinna; thence thro' crown land to the timber area of  
510 acres held by the W. Bischoff. T. M. Co. Reg. Thence  
upon crossing the Wanatah River, thro' crown land to  
lot 475. 93W - 5 acres held under lease by the Magnet  
S. M. Co.

I would suggest that the width of the easement be one  
chain on either side of the centre line of tramway

J. Adams Auth. Surveyor
