## SURVEYOR'S REPORT

$\frac{7M}{72}$  32 H.A.

1. No posted notice was found to relate to this mining lease. The location of same, however, was verified on site by Mr. L.J. Singleton.
2. No water rights, public roads or reserves existed over the area of the lease at the time of survey, to my knowledge.
3. An old gravel road runs generally along the western boundary and another through the northern portion of the lease; both roads are used to gain access to leases to the south and to the east. It may be desirable to reserve these roads.
4. A mineral exploration traverse runs through the S.E. corner of the lease, as shown on the Survey Notes.
5. No other matter was considered of importance.

KENNETH R. MICHELL  
Authorised Surveyor.
