

Registered Archaeologist List

This Register of Consulting Archaeologists is provided by Aboriginal Heritage Tasmania (AHT) as a service only to proponents and Consulting Archaeologists.

This Register lists the names and contact details of Consulting Archaeologists who are prepared to work in Tasmania. Each consultant is listed against the specialist interests that they have claimed to be able to undertake.

Proponents should be aware that the information contained in this Register is based on the self-reporting of consultants only. AHT has not verified the reliability or otherwise of the consultant's claims that have been made to us. AHT does not recommend or endorse any particular consultant. The order in which the consultants are held in this Register does not imply any ranking.

The proponent is advised to use the Register simply as a means of contacting Consulting Archaeologists who claim to be able to carry out specialist skills in the field of Aboriginal archaeology. The proponent is strongly advised to seek referee reports on the capacity of the consultants to do the work required. The proponent is further advised to ensure that they and their consultants follow the Aboriginal Heritage Guidelines and Standards Package for Consulting Archaeologists.

Please be aware that different levels of assessments are required for different activities/projects. Before engaging a consultant Aboriginal Heritage Tasmania should be contacted for advice.
