Volume 2 of 2 – Appendices

Table of Contents

Volume 1 of 2 - Main Report

1.	Purpose	1
2.	General information	2
2.1	Title of proposed action.....	2
2.2	Designated proponent	2
2.3	Objective of the proposed action.....	3
2.4	Location of proposed action	3
2.5	Background to the proposed development	5
2.6	Relationship to other actions.....	5
2.7	Current status of proposed action	5
2.8	Feasible alternatives.....	6
3.	Description of the proposed action	7
3.1	General.....	7
3.2	Mine setting	8
3.3	Hydrogeological conditions	12
3.4	Mining methods	18
3.5	Haulage of ore and waste rock.....	20
3.6	Ore processing	20
3.7	Waste rock management	24
3.8	Acid generation potential	30
3.9	Tailings.....	43
3.10	Estimated amounts of pyritic waste material.....	43
3.11	Management of pyritic material	51
3.12	Acidic water management	53
3.13	Tailings management	54
3.14	Mine infrastructure.....	57
3.15	Disturbance footprint.....	58
3.16	Pit water, stormwater and site drainage	59
3.17	Product transport.....	60
3.18	Construction.....	62
3.19	Off-site infrastructure	65
4.	Matters of National Environmental Significance	66
4.1	Flora	72
4.2	Ecological communities.....	85
4.3	Fauna	87
5.	Survey methods	115
5.1	Background research.....	115
5.2	Flora and fauna habitat survey methods	115
5.3	Survey limitations	116
6.	Relevant impacts.....	117
6.1	Flora	118
6.2	Conclusions for threatened flora (orchid) species	123
6.3	Ecological communities.....	130
6.4	Fauna	130
6.5	Conclusions for threatened fauna species.....	146
6.6	Technical data	147
7.	Summary of potential impacts on matters of National Environmental Significance	148
7.1	<i>Aquila audax subsp. fleayi</i> - wedge-tailed eagle (Endangered)	148
7.2	<i>Tyto novaehollandiae subsp. castanops</i> - Tasmanian masked owl (Vulnerable) ..	148
7.3	<i>Dasyurus maculatus ssp. maculatus</i> - spotted-tailed quoll (Vulnerable)	148
7.4	<i>Sarcophilus harrisii</i> - Tasmanian devil (Endangered).....	149

8.	Proposed safeguards and mitigation measures	150
8.1	Masked owl nests	150
8.2	Quoll and devil dens and habitat	151
8.3	Roadkill	155
8.4	Devil facial tumour disease	156
8.5	Nelson Bay River	157
8.6	Project water monitoring	158
8.7	Plans to be developed and implemented	168
8.8	Agencies responsible for endorsing or approving	168
8.9	Costs of impact mitigation measures	169
9.	Consolidated summaries of risks and mitigation measures	170
9.1	Mitigation and management measures	170
9.2	Key assessed risks and their residual significance	175
10.	Proposed offset (compensation) measures	179
11.	Other approvals and conditions	180
11.1	State legislation and local government planning schemes	180
11.2	Approvals obtained	183
11.3	Additional approvals required	183
11.4	Monitoring, enforcement and review procedures	183
12.	Environmental record of proponent	185
12.1	Legal proceedings against the proponent	185
12.2	Environmental policy of the corporation	185
13.	Economic and social matters	186
13.1	Employment opportunities	186
13.2	Projected economic value	186
13.3	Consultation	187
13.4	Potentially affected parties	188
14.	Information sources	189
14.1	Sources	189
14.2	Recency of information	189
14.3	Reliability of information	190
14.4	Study team qualifications and experience	190
14.5	Individual responsibilities for input	190

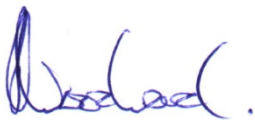

Volume 2 of 2 - Appendices

Appendix A	Conceptual mine layouts showing staging
Appendix B	Conceptual mine pit cross-sections
Appendix C	Conceptual processing plant design
Appendix D	Hydrogeological report
Appendix E	Preliminary processing flowsheet for high grade hematite
Appendix F	Preliminary processing flowsheet for low grade hematite
Appendix G	Preliminary processing flowsheet for magnetite
Appendix H	Water management staging
Appendix I	Waste rock accounting analytical results
Appendix J	K-NAG test interpretive report
Appendix K	Pit section potential acid forming (PAF) zones
Appendix L	PAF waste rock estimation
Appendix M	Traffic impact assessment report
Appendix N	Flora and fauna assessment report
Appendix O	Giant freshwater crayfish report
Appendix P	Roadkill and headlight survey data
Appendix Q	Contribution to orchid biology research program
