Dear Ian

Exemption for Geotechnical Investigations at Lake Rowallan

Thank you for the information that has been provided regarding the geotechnical investigations that are proposed at Lake Rowallan for the proposed pumped hydro.

Council's Town Planners have considered the information that you have provided along with the Land Use Planning Approvals Act 1993, Meander Valley Interim Planning Scheme 2013, Electricity Supply Industry Act 1995, Forest Practices Regulation 2017 and the Water Management Act 1999.

We consider that the proposed geotechnical investigations to enable the feasibility study of the proposed pumped hydro at Lake Rowallan to be exempt from requiring a Planning Permit.

Kind Regards

Krista Palfreyman
Acting Director
Community & Development Services
